YASMINA OMAR BARAKAT

FRONTEND DEVELOPER | REACT.JS, NEXT.JS

Portfolio: https://portfolio-yasmina99.vercel.app/frontend

CAIRO,EGY **+201148982821** **yasminabarakat1990@gmail.com**

PROFILE

Frontend Developer with experience building responsive, user-friendly web interfaces in React, Next.js, JavaScript, HTML, and CSS. Experience in API integration, debugging UI states, Git-based collaboration, and styling Laravel Blade templates. Passionate about clean code, problem-solving, accessibility, and creating smooth user experiences in collaborative environments.

EXPERIENCE

Frontend Developer **OCT 2024 – DEC 2025**

Anasco International Group — [Cairo, Egypt]

- Designed and developed responsive, user-friendly web interfaces.
- Collaborated with backend teams to integrate APIs, ensuring seamless data flow and robust client-server interactions.
- Optimized web pages for performance, cross-browser compatibility, and scalability, resulting in improved load times and a better user experience.
- Debugged and resolved UI/UX issues, boosting platform reliability and functionality across multiple devices.
- Maintained and updated existing codebases while adhering to best practices in frontend development, ensuring maintainability and scalability.
- Focused on accessibility and usability, aligning with modern web standards to provide an inclusive and seamless experience for students and educators.

Tech Stack: React.js, Next.js, Javascript, Bootstrap, Laravel

Ihub Fullstack Internship **SUMMER 2021**

Ihub AI Chatbot Internship **SUMMER 2020**

Ihub Frontend Internship **SUMMER 2019**

Presales Engineer Intern **JAN 2024 – MAY 2025**

Integrated Technics — [Cairo, Egypt]

- Understand clients needs and requirements.
- Provide knowledge of various security solutions (hardware, software, integration).
- Design solutions that meet customer needs.
- Create technical proposals for systems (CCTV, Access control, etc).
- Ensure solution is efficient and compliant with regulations and standards.
- Collaborate with sales team to translate customer needs into viable sales opportunities.

SKILLS

- **Languages:** Arabic (Native), English (Fluent), German (A1)
- **Frontend:** React.js, Next.js, Tailwind CSS, Bootstrap, JavaScript.
- **Backend:** Supabase
- **Programming Languages:** C/C++, Python, Java
- **Soft Skills:** Problem-Solving, Communication, Team Collaboration, Adaptability, Time Management, Researching.
- **Testing strength:** UI, usability, responsive, database and exploratory testing.

EDUCATION

Computer Engineering and Software Systems **SEP 2017 - Jun 2022**

- Faculty Of Engineering Ain Shams University.
- Graduation Project Grade: A

PROJECTS

Academic Projects

- Graduation Project, was sponsored by siemens as they gave us tasks to enhance their performance and execution time, using GPUs and OpenCL.
- Full Stack Task, a project using API and Mongodb.
- Java game project using Javafx.
- Traffic controller using TIVA-C.
- OOAD project using OOAD patterns and Java for the code and GUI.
- AI self driving car.

Professional and Self-Learning Projects

Fullstack e-commerce Application

- Building responsive storefront, authentication and cart interfaces with reusable React components.
- Designing clear UI states and testing behavior across desktop and mobile layouts.

Frontend Development at Anasco Group

- Designed and developed responsive web interfaces for student-focused platforms, including dashboards and learning management systems.
- Optimized user experience by debugging UI/UX issues, enhancing accessibility, and ensuring performance.

React Native Projects

- Built 3 cross-platform mobile applications during a Udemy React Native course, implementing key features like navigation, state management, and API integration.
- Focused on delivering responsive, user-friendly designs and optimizing app performance for real-world usage.

Responsive Web Projects

- Designed and implemented responsive frontend projects using HTML, CSS, JavaScript, and React, emphasizing accessibility and cross-browser compatibility.
- Currently working on an e-commerce frontend project, building responsive product pages, reusable components, navigation layouts, and dynamic UI features to improve the shopping experience.
